

Statement of Purpose

The purpose of Calvary Academy Day Care Center is to provide Christian, compassionate, loving and safe, quality educational day care for children six weeks through five years of age.

We instill physical, spiritual, emotional, social and intellectual growth in all children who attend our program. We focus on preparing each child for kindergarten at Calvary Christian School.

While building on a child's home experience, it is our desire to partner with parents to develop a Christ-like child.

Our History

In 1992, Calvary Academy Day Care opened its doors to serve 41 children. We have expanded five times since 1998, when our current building was constructed. We currently serve 208 children and, because of parents like you that partner with us, a firm foundation of Christ is developed in your child.
